# ULTIMAX PRO 26

5B01954D24

**RRP:** £130.00

**Size(s) Available** 5

FIFA QUALITY PRO

HYPER FLOW HYPER FOAM HYPER SEAL

**FEATURES**

Elite performance. No compromise. This is the top of the range built for the highest level of the game. Every ball is tested for precision, power, and speed, so nothing holds players back on matchday.

For Maximum Power - A 20% increase in Hyperfoam* cushioning to boost power and deliver cleaner strikes (vs previous Ultimax Pro)

Enhanced Flight Aerodynamics - New Hyperflow groove design reduces in-flight drag by 10%*, measured through virtual simulations at 50kph and 100kph (*vs previous Ultimax Pro.)

Exceptional touch - Hyperfoam mid-layer improves contact for a responsive feel and exceptional close control.

Engineered to last - Designed for durability and outstanding abrasion resistance offering more reliable long-lasting performance.

Up to Zero Water Absorption - The Ultimax Pro features Hyperseal thermally bonded seams, ensuring no water absorption and consistent shape retention

FIFA Quality Pro approved, so you can play like the best in the game with unbeatable quality.
